

**City of Fresno  
State of California**

August 2007

**Intelligent Transportation System  
Qualified Products List (QPL)**

**Qualifier to Qualified Products List (QPL)**

A manufacturer's listing on the QPL does not waive any of the requirements of the specifications or relieve the manufacturer/vendor of any obligation there under. Defective work, materials and equipment will be rejected. In short, all equipment submitted must comply with current specifications.

Manufacturers, not on the list, who want their assemblies or units tested, so as to be added to the QPL for future bids, should submit a written request to the QPL Coordinator.

Failure to perform satisfactorily on purchase orders by failing to meet delivery schedules or maintain a high rate of acceptance will result in being removed from the QPL.

For more information regarding the purpose, developments, and maintenance of this qualified products list, refer to the City of Fresno Standard Specifications section 32-1.14.

**QUALIFIED PRODUCT LIST**
